Dictionary - Signbank

Search for a sign using an English keyword in the search box or browse keywords starting with any letter. Limit search to a category of signs by selecting from the list of topics.

Dictionary - Signbank

Auslan / ' ɒ z l æ n / is the sign language of the Australian Deaf community. The term Auslan is a portmanteau of "Australian Sign Language", coined by Trevor Johnston in the early 1980s, although the language itself is much older. Auslan is related to British Sign Language (BSL) and New Zealand Sign Language (NZSL); the three have descended from the same parent language, and together ...

Key Word Sign NSW

New Zealand Sign Language or NZSL (Māori: Te Reo Rotarota) is the main language of the deaf community in New Zealand. It became an official language of New Zealand in April 2006, alongside English and Māori. However, the rights and obligations to use the language are restricted to court proceedings. New Zealand Sign Language has its roots in British Sign Language (BSL), and may be technically ...
