### Careers For Statisticians

"While in college, I found myself using a lot of BLS data. So upon graduating with a degree in Economics and knowing my desire was to work in the public service field, I knew that the Bureau of Labor Statistics was a great place to start."

### Careers at BLS : U.S. Bureau of Labor Statistics

A statistician is a person who works with theoretical or applied statistics. The profession exists in both the private and public sectors. It is common to combine statistical knowledge with expertise in other subjects, and statisticians may work as employees or as statistical consultants.

### Statistician - Wikipedia

PSI is a non-profit organisation formed in 1977 which provides a forum for regular discussion of statistics and issues relating to the practice of statistics in the pharmaceutical industry, as well as promoting good statistical practice within the industry.
