Childbirth, also known as labour and delivery, is the ending of a pregnancy by one or more babies leaving a woman's uterus by vaginal passage or Caesarean section. In 2015, there were about 135 million births globally. About 15 million were born before 37 weeks of gestation, while between 3 and 12% were born after 42 weeks. In the developed world most deliveries occur in hospitals, while in ...

Breastfeeding provides babies with the best start in life and is a key contributor to infant health. Australia's infant feeding guidelines recommend exclusive breastfeeding of infants to around six months of age when solid foods are introduced and continued breastfeeding until the age of 12 months and beyond, if both mother and infant wish.
