

Ghosts From The Nursery Tracing The Roots Of Violence

Ghosts From The Nursery Tracing

When *Ghosts from the Nursery: Tracing the Roots of Violence* was published in 1997, it was lauded for providing scientific evidence that violence can originate in the womb and become entrenched in a child's brain by preschool. The authors' groundbreaking conclusions became even more relevant following the wave of school shootings across the nation including the tragedy at Columbine High School and the shocking subsequent shootings culminating most recently in the massacre at Sandy Hook ...

Ghosts from the Nursery: Tracing the Roots of Violence

Ghosts from the Nursery: Tracing the Roots of Violence. After birth, parental neglect and physical abuse may combine with prenatal trauma to further impair brain development and predispose a child toward violent behavior. Along with densely detailed research, the authors present case studies of violent children, focusing on Jeffrey,...
