A job interview is an interview consisting of a conversation between a job applicant and a representative of an employer which is conducted to assess whether the applicant should be hired. Interviews are one of the most popularly used devices for employee selection. Interviews vary in the extent to which the questions are structured, from a totally unstructured and free-wheeling conversation ...

Job interview - Wikipedia

We live in a world of accelerating change. New industries are constantly being born and old ones are becoming obsolete. A report by the World Economic Forum reveals that almost 65 percent of the jobs elementary school students will be doing in the future do not even exist yet. Both the workforce and our knowledge base are rapidly evolving.

7 Critical Skills for the Jobs of the Future - Singularity Hub

The Competency and Values Framework (CVF) replaces the Policing Professional Framework (PPF) Personal Qualities and sets out nationally recognised behaviours and values to support all policing professionals in a range of local and national processes, both now and in the future.
