Maternal Mental Health NOW - Home

The practical effects of the publication of Maternal Care and Mental Health were described in the preface to the WHO 1962 publication Deprivation of Maternal Care: A Reassessment of its Effects as "almost wholly beneficial" with reference to widespread changes in the institutional care of children.

Maternal deprivation - Wikipedia

John Bowlby (1907 - 1990) was a psychoanalyst (like Freud) and believed that mental health and behavioral problems could be attributed to early childhood. Bowlby's evolutionary theory of attachment suggests that children come into the world biologically pre-programmed to form attachments with others, because this will help them to survive.
