### **Men In A Relationship**

Men and women are both attracted to certainty in a relationship. The more a man feels like his partner is in it for the long haul, the more ready and able he is to be able to open up to her (assuming he is equally invested in her). But security goes deeper than just the fact that you won't leave him.

Physical Intimacy. Disagreements over physical intimacy is a common problem for men in relationships. These problems may develop when a woman feels that the man is overly concerned with physical intimacy or when a man feels deprived of physical intimacy. Therefore, it is very important for couples to address any problems that they have with physical intimacy.

In this article, I'm going to talk about three ways men are different than women in relationships. Obviously, there are exceptions to what I'm about to say, but the truth is that these experiences are quite typical, and they often cause problems between us women and the opposite sex. My hope is that by understanding how we're different (rather than loathing it), we can work towards feeling ...
