The following outline is provided as a topical overview of science: . Science - the systematic effort of acquiring knowledge—through observation and experimentation coupled with logic and reasoning to find out what can be proved or not proved—and the knowledge thus acquired. The word "science" comes from the Latin word "scientia" meaning knowledge.

Outline of science - Wikipedia

The history of science is the study of the development of science and scientific knowledge, including both the natural and social sciences (the history of the arts and humanities is termed history of scholarship). Science is a body of empirical, theoretical, and practical knowledge about the natural world, produced by scientists who emphasize the observation, explanation, and prediction of ...

Media Crew is for campers who love social media, taking pictures, and/or making videos. The Media Crew is a 4-person team of campers that works together with their instructor to chronicle the Camp Tiger experience while learning skills in new media, marketing, communications.

RIT K-12 Academy

Figure 1 shows the original structure for the balanced scorecard (BSC). The BSC retains financial metrics as the ultimate outcome measures for company success, but supplements these with metrics from three additional perspectives (customer, internal process, and learning and growth) that we proposed as the drivers for creating long-term shareholder value.

Conceptual Foundations of the Balanced Scorecard ...
