### **Sometimes You Just Know Dark**

'Sometimes You Just Know' is a part of the 'Dark Horses' series and gave me a lovely look back at Dan and Justin's relationship. Something, in my opinion, which was very important in understanding Dan and his struggles with moving forward. Kate Sherwood isn't the first author I've seen to write novellas that tie in to a series.

It was lovely getting to see how the relationship from Dark Horse started. In a way I would have liked to read this one first so you got an idea of how much Dan had changed DUE to his relationship with Justin (In Dark Horse (Dark Horse Series)). Again the book is written in present tense narration which feels awkward to me.

In my deepest, darkest moments, what really got me through was a prayer. Sometimes my prayer was 'Help me.' Sometimes a prayer was 'Thank you.' What I've discovered is that intimate connection and communication with my creator will always get me through because I know my support, my help, is just a prayer away.

Sometimes You Just Know "Oh god, they're after us!" Hermione gasped, as she burst through the door. Severus cocked an eyebrow at her and gave her an irritated sneer but said nothing as he held his body perfectly still, tipping a tall, thin beaker very slowly over a large glass decanter.
