

Surveillance Transparency And Democracy

Surveillance Transparency And Democracy

TFT believes in making the work it does with its members transparent. This dashboard provides information covering a number of our key product responsibilities.

TFT Transparency Hub

Mass surveillance is the intricate surveillance of an entire or a substantial fraction of a population in order to monitor that group of citizens. The surveillance is often carried out by local and federal governments or governmental organisations, such as organizations like the NSA and the FBI, but it may also be carried out by corporations (either on behalf of governments or at their own ...

Mass surveillance - Wikipedia

PRISM is a program from the Special Source Operations (SSO) division of the NSA, which in the tradition of NSA's intelligence alliances, cooperates with as many as 100 trusted U.S. companies since the 1970s. A prior program, the Terrorist Surveillance Program, was implemented in the wake of the September 11 attacks under the George W. Bush Administration but was widely criticized and ...
