### **The Myth Of Monogamy**

Monogamy (/ m ə ' n ɒ g ə m i / mə-NOG-ə-mee) is a form of relationship in which an individual has only one partner during their lifetime — alternately, only one partner at any one time (serial monogamy) — as compared to non-monogamy (e.g., polygamy or polyamory). The term is also applied to the social behavior of some animals, referring to the state of having only one mate at any ...

### **Monogamy - Wikipedia**

Monogamous mating. Monogamy is defined as a pair bond between two adult animals of the same species- typically of the opposite sex. This pair may cohabitate in an area or territory for some duration of time, and in some cases may copulate and reproduce with only each other. Monogamy may either be short-term, lasting a one to a few seasons or long-term, lasting many seasons and in extreme cases ...

After the devastating disclosure of infidelity, intense emotions and recurrent crises are the norm. The good news, however, is that the majority of relationships not only survive infidelity, but marriage and family therapists have observed that many marriages can become stronger and more intimate after couples therapy.
