

The Necessity Of Art

The Necessity Of Art

Necessity is the idea that everything that has ever happened and ever will happen is necessary, and can not be otherwise. Necessity is often opposed to chance and contingency. In a necessary world there is no chance.

Objection 1. It would seem that the will is not moved to anything naturally. For the natural agent is condivided with the voluntary agent, as stated at the beginning of Phys. ii, 1. Therefore the will is not moved to anything naturally.. Objection 2. Further, that which is natural is in a thing always: as "being hot" is in fire. But no movement is always in the will.

Two important factors shaped the art of the Catholic Counter-Reformation, during the 16th and 17th centuries. First, a growth in the level of corruption within the Roman Catholic Church, from the Pope down. It was this corruption (specifically the sale of indulgences to finance the renovation of St ...

Objection 1. It would seem that love is not in the concupiscible power. For it is written (): "Her," namely wisdom, "have I loved, and have sought her out from my youth." But the concupiscible power, being a part of the sensitive appetite, cannot tend to wisdom, which is not apprehended by the senses. Therefore love is not in the concupiscible power. ...

A collection of quotes about art. The arts do live continuously, and they live literally by faith; their names and their shapes and their uses and their basic meanings survive unchanged in all that matters through times of interruption, diminishment, neglect; they outlive governments and creeds and the societies, even the very civilization that produced them.
